

GS MEKP

Pressure Protection System Catalyst Flow Alarm

MODEL GS MEKP SHOWN

Options

- System monitors active MEKP running pressure with programmable pre-set high & low pressure tolerances
- A drop or increase in the active running pressure beyond the pre-set pressure tolerances will activate the alarm (Alarm activation will sound a buzzer or the option to have pumping system shut down)
- Battery or AC power supply
- Infinite pressure tolerances can be set as close to the active running pressure as required
- System displays cause of an alarm (high or low pressure)
- High quality pressure sensor (no magnets)
- Easy set-up and programming
- Active graph display showing recent pressure trends

We proudly serve these industries... Wind Power, Marine, Rail, RV, Automotive, Truck, Tub and Shower, Swimming Pools, Jacuzzis, Water Park and Playground, Storage Tank, Architectural, Recreational Products
